PROCESS FOR REVIEWING, SCORING AND RANKING

The Lynn Continuum of Care (LCoC) Ranking and Review Committee is a committee of non-funded LCoC members appointed annually to make strategic decisions for the LCoC throughout the year. In that capacity, they:

- 1. Provide input into the Ranking and Review tool to be used in reviewing projects.
- 2. Complete the review and ranking of all project applications to be submitted for funding in response to HUD's annual CoC NOFA.
- 3. Make recommendations to the full CoC regarding individual project applications to be submitted in response to HUD's NOFA and included in the Project Priority Listing.

The Ranking and Review Committee met with new and renewal projects on August 06, 2018. At this time, applicants presented the projects for which they are seeking funding. Renewal applicants reviewed progress and notable milestones reached and new applicants provided an overview of the new project(s), goals and objectives, as well as organizational capacity.

The full membership of the LCoC was invited to attend a meeting held on June 26, 2018 to provide input to the Ranking and Review Committee regarding the content of the Ranking and Review tool for the FY18 NOFA competition. Interested parties convened again on a conference call July 02, 2018 to continue discussions.

SCORING INSTRUCTIONS

The LCoC developed these Scoring Instructions as part of the Ranking and Review Tool, which were approved by the LCoC on August 09, 2018. The intent of this tool is to measure project performance and capacity using objective scoring criteria, including the HEARTH System Performance Measures, use of Housing First and low barrier entry, past performance, domestic violence evaluation and severity of needs and vulnerabilities experienced by program participants.

In order to be considered, all projects must pass HUD Threshold Criteria: 1) Applicants must be eligible, (p. 33 of NOFA), 2) Applicants must meet project eligibility thresholds (p. 33 of NOFA), 3) Applicants must meet project quality thresholds (p. 35 of NOFA), and 4) Renewal projects must meet project renewal thresholds (p. 39 of NOFA).

Projects must also pass LCoC Threshold Criteria: 1) applications were received by the deadline, 2) the project is consistent with the Plan to End Homelessness and the Consolidated Plan covering the LCoC geographic area, (3) the applicant does not have any outstanding HUD monitoring and/or OIG Audit findings, and (4) the project complies with the requirements of the CoC interim rule (24 CFR part 578), including, but not limited to accepting referrals from the LCoC Coordinated Entry (CE) system and participating in the LCoC Homeless Management Information System (HMIS). New applicants that do not currently participate in CE or HMIS must indicate they will should their application(s) be awarded.

THRESHOLD CRITERIA

All project applications will be reviewed to determine whether they meet the following thresholds. Those that do not will not be included for ranking.

THRESHOLD CRITERIA (ALL PROJECTS)	Pass/Fail
Project is eligible.	
Project complies with Applicants must meet project eligibility thresholds as defined in the	
FY18 NOFA	
Project meets project quality thresholds as defined in the FY18 NOFA	
Renewal projects must meet project renewal thresholds as defined in the FY18 NOFA	
Application materials were received by the deadline.	
Project is consistent with the Plan to End Homelessness and the Consolidated Plan	
No outstanding HUD monitoring or OIG Audit findings.	
Project complies with the requirements of the CoC Interim Rule (24 CFR part 578),	
including but not limited to:	
1) The project fills, or will fill, vacancies from the LCoC CE System in accordance with	
the LCoC CE Policies.	
2) The project participates, or will participate, in the LCoC HMIS.	

EVALUATION METHOD

Project applications will be categorized as either Standard Renewal or New. All project applications will be evaluated and scored using the criteria in these Instructions. The LCoC Ranking Committee will also consider the priorities and information contained in the FY2018 NOFA in its review. *Projects will be ranked according to the percentage of points received.*

Standard Renewals: Standard Renewals are renewing projects that have operated for a full 12-month period. These projects will be evaluated using project performance data from the most recently submitted Annual Performance Report (APR) and other objective data gathered from HMIS and other sources, such as the LCoC Attendance report.

New Projects: New projects are projects that have never been awarded CoC Program funds. These projects will be evaluated and scored using HUD's scoring criteria, guidance, and LCoC-defined priorities. They may include projects from applicants who have never received funding from the LCoC, those who received funding in the past, but not in the FY17 round of funding and applicants who are also pursuing renewal funding.

Project Approach

PROJECT APPROACH (ALL PROJECTS) Projects can receive up to 10 points, but there will be no partial points awarded. These scores are based upon the project application and narrative description of Housing First and low barrier entry.

Low-Barrier and Housing First Maximum Points: 10

The project follows a Low-Barrier approach, meaning the project *does not* screen out participants based on any of the following criteria:

- Having too little or no income
- Active or history of substance abuse
- Having a criminal record with exceptions for state-mandated restrictions
- Having an eviction record
- History of domestic violence (e.g., lack of protective order, period of separation from abuser, or law enforcement involvement)

The project follows a Housing First approach, meaning the project *does not* terminate participants from the program for any of the following reasons:

- Failure to participate in supportive services
- Failure to make progress on a service plan
- Loss of income or failure to improve income
- Being a victim of domestic violence
- Any other activity not covered in a lease agreement

^{*}Projects will be scored according to the *percentage* of points received.

Standard Renewal

PROJECT PERFORMANCE			
Housing Stability	Source	Maximum Points:	10
% of participants who maintained or exited to PH		≥80%	6
	APR	75% to 79.99%	5
